

## **Ed Vaizey MP for Wantage and Didcot Visits MUST Members Qudos and Oxensis at RAL**

Managing Director of Qudos Nick White, met with MP for Wantage and Didcot Ed Vaizey during his recent visit to the Rutherford Appleton Laboratories, the home of Qudos Technology. Mr Vaizey was here to meet with members of the newly formed MUST (**M**icro & Nano **UK** **S**MEs **T**ogether) group.

Left to Right: David Ghan (Oxensis), Ed Vaizey (MP for Wantage and Didcot) and Nick White (Qudos)

"It's fantastic to know that companies like Oxensis and QUDOS are working at Rutherford. To have such companies, working at the cutting edge of technology and possible world-beaters, based in my constituency makes me extremely proud. It is extremely important to nurture our innovative small technology companies through imaginative access to our national science base, and to advance key programmes such as SBRI (Small Business research Initiative)"

August 2006 - Anthony Cooper
